ENDER MARTOS

ARTIST BIOGRAPHY

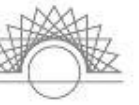

Ender Martos is an Award Winning artist that resides in Austin, Texas. He is best known for creating impactful sensory experiences of optical movement that engage the viewer's curiosity and perception.

Ender was born in Merida, a city located in the Venezuelan Andes. Ender believes having grown up in one of the most diverse countries on earth had a profound impact on his work. Ender is considered a new representative of the Venezuelan kinetic art movement started by masters Jesús Soto, Carlos Cruz-Diez, Gego and Alejandro Otero.

Martos's colorful three-dimensional installations have been celebrated all over the world. His work has been exhibited in several cities of the United States and Latin America. Ender's public art installations have been commissioned by multiple transnational corporations (Hewlett Packard Enterprise, Facebook/Meta, Charles Schwab's, etc), as well as cities and municipalities.

Ender earned a degree in Fine Arts from The University of Texas at Austin. In 2023, Ender was selected as a Top 25 Creative Visionary by the prestigious entity CODAworx, which judges the best Public Art created in the United States and Internationally. He is currently represented by Ellio Fine Art in Houston, Texas, and Artspace111 in Fort Worth.
